

~~babes in the woods~~

called ~~"the path forward"~~ "clean-up"

"The Path Forward" I would like to
~~+ show some~~ the read from this list of
CRITERIA

Right now I can choose bottled
water to avoid toxic tap.

I can buy organic produce
to avoid pesticide poisoning and
promote a safe environment for
harvesters.

I can choose not to ingest
poisons like coffee, nicotine, alcohol,
cocaine and so on.

If you make a mistake while
you incinerate, we will absorb
toxins we can't escape.
